Question

1. Do you use an electronic patient record (EPR) in your Trust If yes: -
   a. Who supplies this system?
   b. When does the contract end for this system?
   c. Is that EPR system updated in real time with patient data collected in the ambulance?
   d. Or is the data held locally on the ambulance and synchronised with a central system at some later date?
   e. Does your EPR system integrate with, or have access to, any other EPR at the NHS Acute Trusts within the ICB's that you cover.
                i. If it does, then which organisations and what system
   f. Does your EPR system integrate with, or have access to, any EPR systems at the NHS Mental Health or Community Trusts within the ICB's that you cover?
                i. If it does, then which organisations and what system
   g. Does your EPR system integrate with, or have access to, any Social Care systems in the ICB's that you cover.
                i. If it does, then which organisations and what system
   h. Does your EPR system integrate with, or have access to, any Local Authority systems in the ICB's that you cover.
                i. If it does, then which organisations and what system
                ii. Does your IT system integrate with, or have access to, any regional Health Information Exchange (HIE) systems? (HIE type systems allow patient data from multiple sources to be consolidated into a single view)
                iii. If it does, then which organisations and what system.

Answer

Do you use an electronic patient record (EPR) in your Trust If yes: -
a. Who supplies this system? - Terrafix

b. When does the contract end for this system? - 31/03/25 (with 2x optional 12mth extensions still available)

c. Is that EPR system updated in real time with patient data collected in the ambulance?   Current system holds data locally then uploads as the crew sign

Working Together for Better Patient Care

d. Or is the data held locally on the ambulance and synchronised with a central system at some later date? *As above*

e. Does your EPR system integrate with, or have access to, any other EPR at the NHS Acute Trusts within the ICB's that you cover. *No*

f. Does your EPR system integrate with, or have access to, any EPR systems at the NHS Mental Health or Community Trusts within the ICB's that you cover? *No*

g. Does your EPR system integrate with, or have access to, any Social Care systems in the ICB's that you cover. *No*

h. Does your EPR system integrate with, or have access to, any Local Authority systems in the ICB's that you cover. *NO*
