Freedom of Information Request

24th June 2024

Question

I am wanting to see the number of complaints or enquiries relating to volume of siren that the Scottish Ambulance Service has received in the past 5 years.

Answer

The Complaints team in the Scottish Ambulance Service does not contain the dataset to report the theme of siren volume complaints or enquiries. It is for this reason; we have applied the exemption Section 17 of the Freedom of Information Scotland Act 2002 as information not held.
