Please see attached sheet detailing the breakdown of calls for 2023 that were allocated to BASICS across Scotland. The table includes the total allocation, total attended, and total stood down for each MPDS Code.

For the given data, you will see that some of the figures are shown as less than five, please note that this figure has been suppressed because the statistical value is less than five. The Scottish Ambulance service has a duty, under the Data Protection Act to avoid directly or indirectly revealing any personal details. It is therefore widely understood that provision of statistics on small numbers, five or less are statistically suppressed upon disclosure. Where there is a * in the cell, secondary suppression has been applied.
