

**Scottish
Ambulance
Service**

University National NHS Board

Freedom of Information Request

29th November 2024

Question

We were wondering if you could tell us what qualifications a registered paramedic would require from 1 September 2017

Answer

The Health and Care Professions Council (HCPC) set the Standards for Education and Training for Paramedics across the UK. As such the Scottish Ambulance Service are not responsible for this, and your enquiry would be best directed to the HCPC [Freedom of information](#)
